

Dr. S.A. Barzarian

ProQuest, Stanford University, UC Berkeley & International Keynote Speakers, USA

Dear Colleagues,

As a Keynote Speaker, I am happy and honored to welcome each of you to Cell Science & Molecular Biology event during July 08-10, 2019 in Paris, France's capital, a major European city and a global center for art, fashion, gastronomy and culture. I am sure this is an exciting event for everyone and we are looking forward to it.

I will provide a tailored, fun and engaging presentation for the audience. I will be sharing my knowledge and experience that I have accumulated during last 40 years in Silicon Valley and the San Francisco bay area, worked for well-known American companies and institutions such as ProQuest and Stanford University. I will be covering the topic of "DIGITAL REVOLUTION IN BIO SCIENCES - New Tools in learning Cell Science & Molecular Biology"

Brings together, Cell Science & Molecular Biology, industry colleagues, scientists, researchers, regulatory experts from around the globe to the cutting-edge information for the development of Cell Science & Molecular Biology

I myself have visited France a few years ago and I am so excited to visit Paris again, which invariably provides me with both educational and fascinating new experiences. Paris is the most visited tourist destination in the world, with over 45 million visitors annually.

Please join your peers from around the world for this wonderful opportunity to reach the largest assembly of participants from the Cell Science & Molecular Biology, meet with thought leadership experts, share your new research, and show off your cutting-edge technology at this 3 day event.

Your presence and deliberation will make this conference remarkably successful in all aspects of Cell Science & Molecular Biology in Paris.

I certainly believe that the Conference will bear fruitful results and benefit the audience. We warmly invite you to join and enjoy the event. We indeed look forward to see you in Paris, France Cell Science & Molecular Biology 2019. Organizing Committee of the Clinical & Pharmaceutical Microbiology look forward to meeting you in Rome, Italy

Regards,

S.A. Barzarian
Keynote Speaker- Cell Science and Molecular Biology
